Comments (Number each comment to show from whom to whom. Draw a line across column after each comment.)

Attached are my notes on my recent conversation with Stan Berg at the Civil Service Commission regarding the status of our proposed Executive Order.

In its letter to Chairman Hampton OMB seems to have missed completely the whole reason for proposing the Executive Order. Such agencies as the AEC, the TVA, and the Canal Zone Government already have interchange agreements through administrative action by the CSC. The Commission can also work out such arrangements administratively as appropriate with other agencies including those mentioned in OMB's letter to Chairman Hampton.

On the other hand the Executive Order route was necessary to effect the arrangement with the Department of State and is likewise necessary in order to preserve our exemption from the provisions of the Veterans Preference Act.
